

Swachhta Pakhwada Pledge

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed.

Now it is our duty to serve Mother India by keeping the country neat and clean and advocate empowerment of women

I take this pledge that I will remain committed towards cleanliness and empowering of women and devote time for this.

I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place and advocate gender equality.

I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

I also believe that countries that are considered developed are always champions of gender equality and women empowerment.

With this firm belief, I will propagate the message of Swachh Bharat Mission and women empowerment in villages and towns.

I will encourage others to take this pledge which I am taking today.

I am confident that every step I take towards cleanliness and empowerment of women will help in making my country clean.
